

Psychology service for career choice and guidance

Goals

The purpose of the service is to help you to find a path in your work life and to help your future with the right decisions and solutions.

Contents

Service contains guidance meetings with your psychologist, where your cognitive abilities, study referances, personality- and motivation factors will be evaluated by your needs and situation. At the end of the service you will make an employment plan together with your psychologist.

Contact

Our psychologist will reach out to you. Our offices are located along great transport connections in Helsinki, Espoo and Vantaa.
